Risonanze

Risonanze is a music festival that returns string instruments to play in the place where they were born, in the presence of the fir trees of Val Saisera, a world-renowned source of wood for musical instruments.

From the 17th to the 20th June 2021, landscape, territory, notes and sounds come together to offer a unique artistic and musical experience.

This year the Risonanze Festival celebrates not only the wood, but also Vienna. Immerse yourself in the magical atmosphere of the Habsburg capital: great concerts, activities for children and families, guided walks that will make you discover the Habsburg history of these lands, an exhibition dedicated to Sissi and a rich food and wine proposal that combines the Viennese cuisine.

Risonanze is waiting you!
